Field Correction Notes on this page

Field correction notes are *suggested* changes offered by a proofreader or user, they should not be considered authoritative. If the transcriber agrees with the suggestion they will change the line. Notes for changes that have been made are removed periodically. The presence of an uncorrected note is an extra prompt to the user to consult the image. It is always good practice to confirm the accuracy of the transcription by consulting the image.

Field Value Correction Note											
1		69	?anower	James	M		Head	W	Nov 4	186?	38
<p>On line 1, the value for the <code>surname</code> field is "?anower", the suggested correction is "Harrower". The following comment was attached: confirmed with MB vital stats</p>
