

New Community Club Planned In Kildonan

An intensive drive for funds for a new and more commodious Community club for East Kildonan will be launched today by a force of some 80 canvassers. President Jack E. Willis, 174 Helmsdale ave., called at *The Herald* office Monday, and advised of the latest plans for the campaign. The objective is set at \$5,000. Other officers of the recently-re-organized club follow:

Past president—W. S. Douglas, 163 Hazeldell ave., is in charge of the membership drive.

First vice-president—L. C. Kal-koven, 280 Munroe ave.

Second vice-president—Mrs. H. H. Matthews, 248 Ottawa ave.

Secretary—R. H. Skinner, 150 Linden ave.

Treasurer—F. R. Dill, 164 Hazeldell ave.

Executive—Mrs. P. D. Paul, 442 Henderson Highway; L. A. McMahon, 223 Neil ave., and V. M. Snow, 221 Donalda ave.

The new site, made available to the club by the East Kildonan council, is the Bronx Park area extending from Henderson Highway to Kildonan Drive along the Red River between Bronx and Chelsea avenues.

Plans for the new community club call for a new clubhouse, a baseball and football field complete with bleachers, a hockey rink to be used for box lacrosse in summer, a skating circle to be used as a running track in summer, a fancy skating sheet, volleyball and basketball courts, tennis courts and a wading pool.

Either the old clubhouse with additions or a new clubhouse will be set up near the front of the park along Henderson Highway. It will have an auditorium suitable for dancing, basketball, volleyball and badminton, a large stage, dressing rooms, canteen and lounge.

The hall and its facilities are to be available afternoons and evenings for community groups.

A boost in membership from 600 to 1,200 at \$1 per family as well as donations will be sought during the campaign which carries until April 30th.

Mr. Willis stressed the idea that at least the East Kildonan Community club would be working on a permanent site, and that the club would strive to serve all the recreational needs of the community.

S. R. CHANNING

E.A.A. Semi-Annual Meet Monday Night

The semi-annual general meeting of the Elmwood Athletic Association will be held Monday, April 5, at 8.15 p.m. in Lord Selkirk School.

The previous meetings of this Association have been very poorly attended and President S. R. Channing, along with his officers, are making this urgent plea to all residents of Elmwood, north, east, south and west, to be in attendance and enter into the discussions which are of distinct benefit in providing all the children of the community with proper recreation.

Reports from the principal officers of the Association, and from chairmen of the various sub-committees, will be heard. The affiliated clubs will give a review of their past and future activities.
