Opening Set For Oct. 1st

Opening of the new Roxy Lanes, at Montrose and Henderson Highway, is expected to take place on Saturday, October 1st. At present workmen are engaged in their final stages of the project so that the lanes will be rolling at that date.

All of the equipment to be used is on hand and being installed.

Roy H. Keena, who will be in charge of Roxy Lanes, has informed the Herald that a concerted effort will be made to organize ladies' afternoon bowling leagues as soon as the lanes are open. A feature will be a nursery, with a highly qualified attendant, for patrons of the lanes.

The grand opening, at which numerous prizes and gifts will be given away, will be announced in the Herald shortly.
