

# Call For Tenders For New Safeway Store On Highway

Tenders are now being called for the new Safeway store at Henderson Highway and Bronx. The building will front on Henderson Highway and will be 100x120 feet, giving 12,000 square feet of area.

There will be off-the-street parking facilities for 121 cars.

The store will include the latest in fluorescent lighting fixtures and will have a combined heating and ventilating system.

An inter-communication system will keep the store manager's office in touch with all parts of the store.

The most up-to-date shopping facilities will afford every convenience for shopping comfort and pleasure.

Some of the added features will be six check stands for speedier shopping, open-top self-serve refrigeration cases for frozen food and dairy products and meats.
