

# Bill Masterton Hits NHL; Signs With Canadiens

East Kildonan saw another one of its young hockey players headed for the big time when Bill Masterton was signed by the Montreal Canadiens last week.

Masterton, who has played hockey for Denver University for the past three years, will play with the Canadiens farm club, Ottawa-Hull, in the Eastern Professional League.

Ken Reardon, general manager of the Canadiens, said this week they had been after the 22-year-old centre for some time and were happy to get his name on the dotted line.

During his three years at Denver Masterton scored 196 points to break the previous scoring record.

Masterton graduated from Denver University in June with his B.Sc. in Business Administration. He now plans on taking his Master's. He received an athletic award for attaining the highest scholastic standing.

Born in Elmwood, Masterton has lived almost all his life in East Kildonan where he attended Lord Wolseley and Prince Edward Schools and Miles Macdonell Col-

legiate. He is the son of Mr. and Mrs. W. Masterton, 162 Hazeldell avenue.

Masterton played in his younger years at the Bronx Park Community Club and played junior with the St. Boniface Canadiens.
