

Miles Mac reunion was a success

The 25th anniversary reunion held last weekend at Miles Macdonell Collegiate was definitely a success, according to Shirley Dudeck, one of the organizers.

Miss Dudeck said that close to 400 former graduates attended a registration and get-together evening held at the school on Friday, November 4, and 600 people attended a social held that Saturday evening at the Convention Centre.

"From the comments I've heard, everyone had a great time. We had visitors from New York City, Vancouver, and Toronto," said Miss

Dudeck, herself a former graduate.

An alumni association was formed at a meeting held November 5; the group will meet shortly to discuss policies and the setting up of a scholarship fund.

"Once the Alumni Association is set up, we'll decide how much the scholarship will be worth, how it will be distributed, and on what criteria it will be based," Miss Dudeck explained.

Profits remaining after debts have been paid will be included in the scholarship fund.
